Subject: Proposal re lumber yard

I'm writing in support of
Island Cove Mini Golf; AKA; Island Cove Adventures regarding the meeting about the lumberyard expansion.
The problem: all commercial traffic is proposed to come through the mini golf parking lot rather than High Point Ln.
This may cause significant safety issues as families with small children walk this driveway all day in the in season. Also State Rd is already overcrowded and adding large trucks into the mix at a very congested spot is problematic .
Mini golf is a family centered business offering a great service in a well maintained spot and their concerns should be heard.
This proposed business expansion could not only cause traffic and pedestrian safety concerns but could put an existing business at risk.
