Dear Mr. Foley:
Re: Public hearing, August 28, 2008 re: Payment for Affordable Housing from The Field Club

We are in favor of maximizing the resources to create as much affordable housing as possible in Edgartown. The contribution of 1.8 million dollars in lieu of three lots will enable many more families to find affordable homes.

Consequently, we agree with the Edgartown Resident Home-site Committee that the offer of money in lieu of land is a much preferable option. It should be accepted with gratitude.

Respectfully Submitted,

Joan Adibi
Former co-chair of the Chappaquddick Affordable Housing Committee
