All flights are subject to unannounced cancellation given uncondusive weather conditions.

Public Notice of UAS (drone) Flight 10/1/18

Date of Flight: Thursday October 4, 2018

Time Window of Flight: 7:00AM to 10:00AM

Estimated Total Flight Time: 20 minutes

Location: 228 Edgartown-Vineyard Haven Road, Tisbury MA (Map 14 Block A Lot 3)

Requesting Agency: MVC

Imagery Collected: Video & Still Photos

Flight Plan: UAS will take off and land in the parking lot of 228 Edgartown-Vineyard Haven Road; Ascend to height of 144ft above ground level (AGL); fly over above existing Verizon Tower; rotate UAS 360° and capture video.

Purpose: The MVC is reviewing the proposed Verizon tower as a DRI. Flying this mission will help determine if the new tower, at a height of 144ft, will be blocked from view by any distant trees.

MVC UAS Flight Service: All MVC UAS flights are flown by their DOT-FAA certified sUAS Remote Pilot in accordance with all FAA small Unmanned Aircraft System part 107 regulations within Title 14 of the Code of Regulations.
