Dear Mr. Elvin,

We are neighbors of Susannah and Brian Bristol and are writing in support of their proposed project. We have known the Bristol's for some years now and know them to be concerned with the well-being of our special dirt road neighborhood, the community of West Chop and the island of Martha's Vineyard.

Brian and Susannah have acquainted us with their plans for the rebirth of their family home at 1133 Main Street, and we support the vision they have outlined. As six generation residents of the Vineyard for over a century, their family understands the sensitivity of this fragile island to change of any sort, and we understand and appreciate their goal to rebuild their home in such a way that the new structure will seem as if it had always been here. By recapitulating the key design elements of the existing structure, they will both preserve and enhance the character of our neighborhood.

Thank you for enabling the Bristols to proceed with their plans. We look forward to seeing their project come to life.

Sincerely,

Heather & Dudley Willis
1182 Main Street, Vineyard Haven
