Doug,

I reviewed the most recent plans for [222 Upper Main](#) Street and they are adequate to allow the application for interior renovations of a single family dwelling to be processed, WITH THE EXCEPTION that room #8 MAY NOT be used as a bedroom, as it does not have an egress window.

They will need to submit a modified plan amending that space. However as this is a minor modification I am comfortable processing the application and issuing a permit when it arrives at the top of my pile.

Very truly yours,
