PLANTING LEGEND

PROPOSED CANOPY TREES		17							
	<i>Nyssa sylvatica</i>	Blackhaw	2" CAL. B&B	per plan	naturalized on island, suited to moderate-wet soil, and reaching >40' height	wet, mod	sun		
	<i>Quercus spp.</i>	Oak mix	2" CAL. B&B	per plan	2-3 species naturalized on island, suited to moderate-dry soil, and reaching >40' height, e.g. Q. alba, coccoinea, muehlenbergii.	dry, mod	sun		
	<i>Sassafras albidum</i>	Sassafras	2" CAL. B&B	per plan	naturalized on island, suited to moderate-dry soil, and reaching >40' height.	dry, mod	sun, part, shade		
PROPOSED UNDERSTORY TREES		12							
	<i>Amelanchier arborea</i>	Serviceberry	5 gal.	6" O. MIN.	White flowers and edible berries in spring, 15-24' ht.	mod, wet	sun, part		
	<i>Hamamelis x intermedia</i>	Common witch hazel	5 gal.	6" O. MIN.	2-3 cultivars with orange fall foliage, >8' ht.	dry, mod	part		
PROPOSED SCREENING TREES & SHRUBS		22							
	<i>Ilex americana</i>	American holly	3 gal.	5" MIN.	Planted close together to form a hedge in some areas	mod, wet	sun, part		
	<i>Rhododendron maximum</i>	Great laurel	5 gal.	6" O. MIN.	White flowers, fragrant, 5-15' ht.	mod	shade, part		
	<i>Prunus laurocerasus</i>	Skip Cherry laurel	5 gal.	10" O.C.	White flowers, 6-10' ht.	mod, wet, dry	part		
PROPOSED SHRUBS		30							
	<i>Clethra alnifolia</i>	Summersweet	3 gal.	4" O. MIN.	deciduous shrub with showy white flowers; golden yellow fall color	mod, wet	sun, part, shade		
	<i>Ilex glabra</i>	Inkberry	3 gal.	3" O.C.	Edible berry, <7' ht.	mod, wet	sun, part		
	<i>Myrica pensylvanica</i>	Northern bayberry	3 gal.	4" O. MIN.	8ft height without pruning, waxy blue-grey fruit	mod, wet	sun, part		
	<i>Vaccinium angustifolium</i>	Lowbush blueberry	3 gal.	30" O.C.	Edible berry, <5' ht.	mod	sun, part		
	<i>Vaccinium membranaceum</i>	Huckleberry	3 gal.	30" O.C.	Edible berry, <5' ht.	mod, wet	sun, part		
PROPOSED GROUNDCOVERS + HERBACEOUS PERENNIALS									
	Lawn mix	14,400 SF	seed		20% white clover, 20% creeping red fescue, 20% sheep fescue, 20% perennial ryegrass	mod	sun, part		
	Native meadow	13,450 SF	seed		Native wildflower & grass mix	mod	sun, part		
	Woodland mat mix	5,950 SF	sod mat		Native sod mat; blueberry, huckleberry, fern mix, moss	mod, wet	sun, part		
	Bioswale mix	2,300 SF	seed		Detention basin seed mix; 45% willow, 55% grass, sedge, and rush mix	wet	sun		
	Mulch	3,200 SF	woodchips		Used for woody plantings and pathways				
	Resident Planting Areas	8,300 SF	TBD		TBD
