Subject: Field Project

To whine it may concern. Our children deserve to have a field that they can play on year round. The "turf" field is that field. After years of putting it together and making sure that they can give the best product it is time to act. My oldest son who is a senior should have been playing on that field 2 years ago when we went through this last time. I would like my other two children to have a safe field to play on in the near future. Thank you
Asa Vought.- OB

Father of 3 boys and former coach of 3 field sports spanning 11 years
