

# THE ONLY CRADLE-TO-CRADLE CERTIFIED PRODUCTS

BROCK POWERBASE SHOCK PADS ARE THE ONLY PRODUCTS IN THE SYNTHETIC TURF INDUSTRY TO ATTAIN THE COVETED "CRADLE-TO-CRADLE" CERTIFICATION. CRADLE TO CRADLE CERTIFIED PRODUCTS ELIMINATE "WASTE" AS A CONCEPT, AND CAN BE RECYCLED INTO THE SAME USEFUL, HIGH PERFORMANCE PRODUCT AS WHEN ORIGINALLY MADE. AS OPPOSED TO "DOWN-CYLCED" SCRAP PRODUCTS THAT WILL EVENTUALLY END UP IN A LANDFILL OR BURNED, IN OTHER WORDS, WASTE.

**BROCK USA REDUCES CO2 EMISSIONS BY APPROXIMATELY 320 TONS BY SHIPPING VIA CSXT INTERMODAL WHEN COMPARED TO SHIPPING BY TRUCK.**
