Subject: septic info - 15 Mechanic's Street / 22-A-19.2

Pat,

It is the understanding of the Board of Health that Mr. Geoff Rose will be operating a retail business at the subject location.

Mr. Rose has indicated that he will not be adding any bedrooms or bathrooms to the space. As such, the current (shared) septic system does not require any remediation to accommodate the needs of his business.

Please let me know if you have any questions.

Best regards,

Valerie Soushek
Administrative Secretary
Town of Tisbury – Board of Health
