Re: Concurrence Review 10-2019 - Sheriff's Radio Tower

The purpose of this letter is to inform you that on Thursday, January 16, 2020 the Martha's Vineyard Commission discussed the proposal by the Dukes County Sheriff's Office to install six new antennas and two new microwave dishes on an existing radio tower located at 9 Flight Path (Map 28, Lot 1).

The Commission voted unanimously to not concur with the proposal, stating that it does not warrant review as a Development of Regional Impact by the MVC. The Commission noted that the height of the tower will not increase, and that the structural reinforcements of the proposed tower meet the requirements to add the new equipment.

The Town may proceed with the permitting process.

If you have any questions, or if there is anything else we can assist you with, let us know.

Sincerely,

Lucy Morrison  
DRI Administrator  
Martha's Vineyard Commission
