To: Alex Elvin <elvin@mvcommission.org>;

Dear Mr Elvin,

Lee Van Allen and her family have valiantly over the years maintained and continued the legacy of their forebears, the Shearer family. Shearer Cottages has been an iconic symbol of warmth and good cheer for visitors from all walks of life. The renovation and reconstruction plans for Shearer have been well thought out and forward thinking.

I encourage you to accept this application as the project would greatly enhance the charm and beauty of Oak Bluffs and the island of Martha's Vineyard.

Thank you in advance for your attention to this effort.

Sincerely, Carol Fuller
