To Whom it May Concern;

Board of Health Meeting of May 26, 2020:

Mr. Brook Katzen, the recent buyer of Island Cove Mini Golf, came before the commissioners to request public outdoor seating for a proposed taco truck/stand-alone commercial kitchen, the installation of which is pending approval by the Board of Selectman, Martha's Vineyard Commission and the Zoning Board of Appeals. Mr. Katzen also confirmed that a food establishment permit application is pending with Ms. Blake.

Based on Ms. Blake's recommendation, the commissioners voted to allow public outdoor seating for Mr. Katzen's proposed taco truck. Their approval is contingent upon Mr. Katzen's ability to obtain approvals from the other Town and Island authorities and comply with Governor Baker's future COVID-19 back-to-work guidelines.
