Subject: Support for the MVRHS turf field/track

Dear Mr. Turner,

I am writing in support of the Phase One of Huntress' Associates Master Plan for MVRHS to build:

- New eight-lane 400m running track
- Multi-purpose synthetic turf field
- Natural grass athletic field renovation
- New LED Sports Lighting,
- 1,000 seat grandstand & press box
- Track and field equipment storage shed, ADA compliant walkways, fences and associated site improvements
- Facility with locker rooms, trainers' room, concessions, weight room, classroom, storage, and public bathrooms!

I support this because:

- * This will not be a burden to taxpayers. Donors are ready and waiting to help us rebuild our track and athletic campus.
- * The synthetic turf field is fourth generation, is made from recycled materials and will be recycled.
- * The infill is wood mulch from Georgia Pines grown organically and harvested sustainably.
- * The woven backing contains no PFAS.
- * One turf field allows us to rest the natural grass fields, absorbing play during growing season and bad weather.

Our kids deserve to have facilities to support their programs. I would have loved to have a field like this back when I played.

Please approve this project.

Sincerely,

Edward Casey
