Subject: Supporting the new field complex

Dear Executive Director Adam Turner,

My name is Johanna (Jo) Douglas and I am the Head Coach of the Girls' Varsity Lacrosse team at MVRHS.

I am writing to support the new field complex (Phase One of Huntress' Associates Master Plan). The turf field will allow my girls to have a safe playing field -- one without divots and bumps -- and allows us to play after a rain or snowstorm without worry of tearing up the field. The new facility with locker rooms and public bathrooms are much needed in close proximity to the field, so that my team isn't waiting in line at the porta-potty before the game. Providing these enhancements will show our athletes that we care about their sports, their team-mentality, and their community spirit.

Thank you for your support,

Jo
