Subject: Make it happen!

Make it happen!

*Our kids deserve to have facilities to support their programs.

* This will not be a burden to taxpayers. Donors are ready and waiting to help us rebuild our track and athletic campus.

* The synthetic turf field is fourth generation, is made from recycled materials and will be fully recycled

* The infill is wood mulch from Georgia Pines grown organically and harvested sustainably.

* The woven backing contains no PFAS.

* One turf field allows us to rest the natural grass fields, absorbing play during growing season and bad weather.

Please SUPPORT OUR SCHOOL and OUR KIDS and do it as soon as possible!

My child can no longer benefit from this project which was begun when he was in 4th grade - because he graduates this year!! Please don't make any more children miss the chance to benefit from this project!

Thank you in advance for your support!
