

To: Oak Bluffs Planning Board
To: Martha's Vineyard Commission
Reference: Proposed MVRHS Track & Turf Field

I am writing this letter to express my support for the plan developed by Huntress Associates to improve the athletic fields at the Martha's Vineyard High School. I have been involved in this process for the last five years and have watched the design developed with the input of engineers, administrators, high school coaches, our student athletes and the island residents. The current plan provides the safest field possible for our students.

It has been designed to be environmentally responsible and one hundred percent recyclable. I would appreciate your boards help to keep this track & field project moving forward to benefit our children.

Terry Donahue
