Subject: Against Plastic Fields at MVRHS

To the Martha's Vineyard Commission and the Oak Bluffs Planning Board,

I am against the proposed plastic fields at MVRHS. We need less plastic in our world and on Martha's Vineyard, not more.

Concerns about the adverse environmental, health and fiscal impact of this proposed project have not been adequately addressed, and it seems to me, can't be because of the great risk it poses to the Vineyard, the young people who play sports and all who live here.

Please reject this proposal to install plastic fields at MVRHS, and support the installation of grass fields instead.

Sincerely,

Barbara Dacey
Vineyard Haven
