Subject: Plastic Grass Field/Opinion

To Whom it May Concern,

I was told that you are accepting letters of opinion regarding the proposed plastic field. I know how hard you are all working to hear everyone and although I am a Vineyard Haven resident I just wanted to let my thoughts be heard.

I am not in favor of a plastic field, although I see the importance of an upgraded sports complex and fields for MVRHS, I feel that a plastic field would be too expensive and not healthy for the island.

Thank you for hearing my opinion,
Polly Simpkins
Vineyard Haven
