Hi Lucy -

I am attending the Zoom meeting but just found out that we needed to apply to speak at the hearing.

As such, I wanted to send an email endorsing the Harborview Hotel's request for a Spa. I believe this addition would not be disruptive to the community and would be used by guests and Edgartown residents.

Prior to purchasing a house in Edgartown, my family and I spent many vacations at the hotel. I never found the hotel to be loud while staying in the cottages with our children.

I do not have any interests in the hotel and only speak as a resident of the community.

Thank you for your time.

Dale Hamson
