Paul Foley foley@mvcommission.org
Martha's Vineyard Commission

I am writing this in support of the application submitted by Patient Centric of Martha's Vineyard to locate a Registered Marijuana Dispensary (RMD) at 90 Dr. Fisher Road in West Tisbury. I believe this is a very important service to the community that needs to be available as soon as possible.

Geoff Rose has certainly been supportive of and committed to the community with his operation of the Island Card through which not only are members helped, but Island charities as well. I expect he will provide no less community support with this new endeavor.

Sincerely,
Ginger Norton
West Tisbury
