Subject: Proposed Dispensary

Dear Mr. Foley.

Good afternoon. I am a resident of 30C Dr. Fisher Road. I am also a seasoned nurse at Martha's Vineyard Hospital. I have had some experience in administering medical marijuana in a controlled inpatient setting.

I am opposed to the location of the Proposed Dispensary. Like all medicines, homeopathics, controlled substances, they can be used well to control pain, nausea, anxiety, seizures, anorexia and the list goes on; and then there is the abuse....a setting I work in on a weekly basis. I am in favor of the project just NOT in this residential area.

If the dispensary had some well-documented, long-standing research on the criteria for administration and all that goes with it, on our dear Island, I would be open to that round table discussion.

I vote no. Thank you.

Respectfully, Linda Fischer
