Subject: Patient Centric proposal

Dear Mr. Foley,

As I am unable to attend the May 18th meeting, I am writing as a nurse and a friend of Geoff Rose.

I support having medical marijuana for patients who require it on Martha's Vineyard.

Geoff Rose has worked very hard to get the permits from the MDPH and is one of the few in Massachusetts who has been successful.

I believe he will be a good neighbor wherever he goes. I was a renter in the 505 State Road building for 4 years when he leased it to artists for studio space. Geoff was always careful to follow town rules and be respectful of the neighbors in the area.

Sincerely,
Margaret Emerson, RN, PhD
