To Whom It May Concern,

I am a fellow restaurant/business owner here on Martha's Vineyard. Please accept this email as support for the business, The Barn.

I have had great experiences every time I have been to the Barn. I have had the pleasure of bowling during the day and night and gone for dinner at The Barn. Every time has been fun and I have always felt taken care of as a customer. The staff there go out of there way to make sure you are enjoying yourself and seem very professional and clean. The Barn has been a great addition to the island and shown great responsibility since it has opened last year. I fully support any privileges they seek.

Thank You,  
Peter Sullo  
Owner of Isola Restaurant
