Subject: Bowling Alley

To The MV Commission, In response to the public hearing last Thursday re: the takeout window. Please understand we are not saying the bowling alley doesn't provide a much needed service to the Island. The issues have always been their lack of keeping promises made to the Oak Bluffs community and the neighbors. Stray trash from their barrel's, employees and construction is not picked up, the shrubs/fence to block Hiawatha is minimal at best, the deliveries are always made on Uncas Ave and trash pickup always from Hiawatha- NOT from inside the parking lot (and I'd bet never will be) Until the town can provide a park and ride no business should be allowed to remove parking spaces in order to expand. If the original order of conditions said 32 spaces please count them again because I don't see 32. The traffic and parking congestion alone is the reason you should reject this request. We will all be before you again for the same reasons when and if the 3 Uncas Ave project comes to the commission. Mr Dunn and Mr Sawyer know that by being vague with their answers gives them room to expand their take out services in the future. I hope some of you can take a few rides down Hiawatha and Uncas Ave's at various times of day and night - take note of the condition of 3 Uncas Ave, and the parking when the Barn has league nights. Thank you and feel free to contact me with any questions. Amy Billings (101 Circuit Ave.)
