Compost
Handoff

Compost Conversion

BC, AC, MO

TR Base SR.

AC Started talking about this 2y
ago by 40-55 people
This year had most of our people here in
March. Half couldn't find houses
Had to rehere.

Thought

Started talking to B.T. 6, met
Asked what they call a unit.

Shared kitchen, bath, living area is a unit
So designed around those things constantly
Depending on permits may start this winter

2 years ago renovated basement restaurant
When current B.T. came on board he said
he didn't like the accessibility w ADA
we had old accessibility variance going to Market
M.B. sent us to ada access board
They agreed we could do some kind of lift...
We are going to put an elevator in bath

JB - Can you put together a list of materials.

JM - Try to explain how you fit into

MO Descr

FA Do you need a

MO it's a special permit for Ast. about 50'
Mani Gable that runs front to back.

LS Sounds like you are making a more list.

FA - Your intent is for your staff.

GC - It may be for employees from other

AC it will be built for all seasons but only
infer it for seasonal use at that time.

JM What would you do w/ those rooms for winter

GC -

OM - if you're committed to workforce hours

AC -

FA - May not want to limit it to cen

CB - How are other jobs employees going to get to work

CF - Suggests make it year round too

LS - Do not need a traffic sign

JM

2nd

Note - announcements
