Revised Affordable Unit.jpg;

Alex and Lucy,

The only modification I am asking for is to remove the mistaken three week rental condition. I am enlarging the affordable unit.

See the attached re-design of the second floor of Building F. Essentially I have switched the affordable unit to R-10. It is now approximately 635 sf as compared to the original size of the unit in Building A of approximately 640 sf.

Please let me know if there is anything else you need before the hearing on July 8.

Sam
