Subject: Meetinghouse Way development

Hello:

I am writing to express my concern about the proposed development of the land off Meetinghouse Way.

We are year round residents, and we live and vote in Edgartown. We've been dismayed at the rate of development here on the island, at galloping land and real estate prices, and at the pressures these bring both to island residents and visitors.

The proposed plan represents an unwelcome threat: professional, large scale development that will stress island and town resources, add to congestion, and negatively affect our environment.

Thank you for registering my comments in the public responses to this plan.

Sincerely,
Elizabeth Balay
