Subject: Proposed Meetinghouse Place subdivision

Dear Mr. Foley,

We are year round residents of Edgartown. We moved to the Island in 1999 and built our home at 13 Hotchkiss Lane. Our land abuts the proposed Meetinghouse Place subdivision. We are extremely concerned about the effects this subdivision will have on our area, town and the Edgartown Great Pond.

We agree with all the issues stated in a letter to you from Patrick Kager dated February 5, 2019. We strongly agree that this application should be denied. We see no benefits to this building plan, only damage and loss.

Sincerely,

Chandler and Candis Lincoln
