Subject: In Support of the Wind Farm
Date: Tuesday, March 19, 2019 1:49:25 PM

Dear MVC,

As a resident of MV, thank you for the opportunity to comment on the Vineyard Wind application. I am writing in support of the wind farm and the cable that will pass through Edgartown waters. We on the Vineyard need clean electricity to help combat climate change and your approval of this cable will help supply the region with local renewable energy.

Best,

--
