We are writing to you in favor of the Hob Knob Hotel expansion project. As local island business owners in the hospitality industry, we think it's important to recognise that tourism is a major part of the island economy and when somebody who lives on this island year round wishes to invest their money into a small business and help our local economy, it should be welcomed with open arms. The face of our industry is changing at such a rapid speed, with short term rentals and Air B&B's. Hob Knob is a full service hotel, encouraging it's guests to go out, eat, spend money in shops take tours and in general spend money island wide. As a member of the Martha's Vineyard Lodgings Association we fully back this expansion and hope that it will be granted. There are less and less owner run and managed properties on the island. Our experience with Hob Knob from both the guests perspective and as a business associate has always been one of pure professionalism. We believe the service they offer their guests is a merit to Edgartown as a whole and to the hospitality community.
