

Hi Lucy,

Just writing in support of our friends, The Carr's, and their new plans to expand the Hob Knob. I trust their plans to develop the structures in keeping with our old Edgartown, historic feel. They are such big supporters of local businesses, and their clientele are assets to the economy of the town. More guests = more business for all the local businesses.

I work for Island Creek Oysters off island, but my husband and I own 19 Raw Oyster Bar - we love the Carr's!

Best,
