

Ms. Morrison,

We are relatively new neighbors of the Hob Knob having recently purchased 15 Tilton Way just over 1 year ago. We have come to know Diane Carr and her team and they have been wonderful neighbors. We fully support the Hob Knob's efforts to expand their existing facility. The Hob Knob represents elegance and luxury and we trust that what it is proposing to build will maintain that same level of Edgartown elegance and style. Patrick Ahearn, who is also the architect of our home, is a renowned Vineyard architect and we trust that his design for the Hob Knob expansion will be consistent with all of his beautiful Vineyard designs. The transformation of The Hob Knob will add significant beauty to Tilton Way as well as Main Street.

We therefore, fully support this project.

Sincerely yours,

Frances and Frank Manfredi
