

June 25<sup>th</sup> 2020

To the Historic District Commission ~ Edgartown,

We are writing in support of the Hob Knob/ Tomassian project. In our 20 years of business located directly across the street, we have only seen beautiful and appropriate aesthetics and upkeep to the Inn, both inside and out. When the ownership changed hands a few years ago, this maintenance was even enhanced, making the Hob Knob a true showcase property at the entrance of the historic district of downtown Edgartown.

After viewing the drawings of the proposed changes to the project and structures we feel these buildings will enhance the beauty of Edgartown. We look forward to sharing a commitment to hospitality with our neighbors for years to come.

Sincerely,  
Greer & Christian Thornton
