To Lucy Morrison,

Lucy, my name is John Miskel and I have a home on School Street. I want to send you this note in support of the Hob Knob expansion for several reasons.

1. I believe that the Hob Knob clearly represents the historic quality and atmosphere of what residents and guests are looking for when visiting Edgartown. Expanding their level of quality and service would only enhance Edgartown's reputation while keeping the historic look and feel that our residents of Edgartown require.

2. We have hosted a large wedding with many guests and a large family reunion and found it difficult to keep all of our guests at the Hob Knob due to their limited capacity. On each occasion we rented every available room but had to put many guests at other locations which was not ideal. The expansion of the Hob Knob I believe would enable more family, wedding and vacation functions to occur in Edgartown particularly when a family is looking for a singular location to house everyone.

I am in full support of this expansion as I believe that it will bring more families and vacationers to our town.

Sincerely,
John Miskel
103 School Street
Edgartown, Ma
