Re: Hob Knob Expansion

To Whom it may concern,

We are writing this letter in support of the expansion of the Hob Knob Inn in Edgartown.

Over the years, we have found Diane and her team to be so accommodating when hosting their guests at this classic Edgartown inn. Diane continues to go above and beyond to give everyone a memorable stay in our town with her exceptional customer service and outstanding product. We feel this is an Island business that deserves the opportunity to open their doors even wider to welcome visitors to our island. After all, this is how many of us make a living during the high season. There is no doubt, the Edgartown Board of Trade members would prosper having this establishment just steps away from our storefronts.

While the HK guests may be able to experience a new spa experience on the inside, passers by may notice little change to the landscape *over time*. We have resounding faith that Patrick Ahearn has designed yet another remarkable project, keeping in line with our historic seaside village charm. Unlike the seemingly limitless private construction projects happening in town, this project would be accessible to the public. Our Islanders, and island visitors, should be able to experience the quintessential island life; this project will keep that going.

Finally, since purchasing the Inn in 2015, Diane + her family have been active members of our community; giving back to our first responders with an annual appreciate breakfast, opening their doors during Christmas in Edgartown and participating in just about every local 5K road race and golf tournament to benefit the next generation of Islanders. In our eyes, these are great neighbors to have!

Thank you for your time and consideration.

Kind regards,

Kate Foster + Doriana Klumick
