Hello,

This is a letter in support of the expansion of the Hob Knob. I have written in favor in the past.

In this process, I have read the notes of the concerns. I feel the benefits out weigh the concerns.

Even more so than in the previous meetings, as this current culture of "stay vacation" continues and the rental market for homes becomes even smaller; the town of Edgartown needs rooms of the patrons who seek Martha's Vineyard as their place to rest and relax. These rooms are a boost to the entire towns economy. We are a vacation destination. There are already fewer hotel rooms in the town than say 10 years ago. The clientele of the Hob Knob are high end; they are not looking to cause a problem; they want to get up early and enjoy all that the island has to offer.

I really hope that you can see the need for these additional rooms in Edgartown.

Thank you,

Lisa Brown Langley
