To Whom It May Concern,

I am a lifelong resident of the town of Edgartown. I am also the owner of Stagecoach, Taxi which has provided year round service to the Town of Edgartown for almost 30 years. I am writing in support of the Hob Knob expansion project. I believe that the expansion would be a positive addition to the town - adding much needed hotel rooms. In recent years we have seen the loss of several Bed and Breakfasts within the town as they have been bought up and turned into private residences or employee housing.

Thank you  
Melaney West
