

Hi

As long-time business associates of the Hob Knob Inn, we are so grateful for what they have added to the Edgartown community, both business and personal.

We fully support their expansion and do not believe that it will increase traffic flow whatsoever on Tilton, or anywhere else, as most of their guests do not bring cars (we know because we provide private transportation from the airport and ferries!)

This expansion adds much needed hotel room in Edgartown.

They have our vote!
