Re: Hob Knob Expansion Project

To Whom It May Concern:

This letter supports the proposal set forth by the Hob Knob with regards to the expansion project at their current property and 124 Main Street here in Edgartown.

The Hob Knob has been a respected member of the Edgartown business community for over 25 years. They operate a world-class lodging property, and it shows with their attention to daily details. I know that clients of my art gallery who have repeatedly stayed at the Hob Knob say they appreciate these details, and that is why they stay there each time they return to visit Martha's Vineyard.

Overall, the island lacks the number of hotel rooms necessary to accommodate the people visiting this scenic island. I do hope that your committee will unanimously support this proposal and consider it a long-term investment to the vitality of the village of Edgartown.

Sincerely,

Christina R. Cook
