

Hello Lucy

I do not know if comments have been closed on the proposed changes to the former Educomp and telephone building.

As stated previously, I am a renter and neighbor for past 20 years. There is a bylaw in Tisbury that the owners of a business must clear their walkways of snow and debris. Since the new owners of this building with their desired changes cannot be bothered to clear their sidewalk, what makes you think they will be neighborly enough to share the parking lot and adhere to building codes.

I suggest you take this proposal very seriously and deny.

Sincerely

20 year resident 5 Beach St apt #3

And Tisbury voter

Joan M Shea
