

JOHN SANDS

Thu 7/21/2022 10:19 AM

I recently read the letter from Emily Freidrichs the daughter of the previous owners I am in agreement of the historic significance of 7 Arlington Ave I believe the Chun -Kim owners have the right to modify and update their home but based on history of the home it should be done in compliance with the mission of the MV Commission which is to maintain and preserve The history of Martha's Vineyard and its cultural heritage This reminds me of the old saying ! You can't make new old friends !! Nor can you make new old buildings ! Thank you for your service !! John Sands Ps. We are the owners of the other half of the Palmer Villa 11 Arlington Ave
