Dear Members of the Zoning Board of Appeals,

We are writing in support of Lisa Kim and Eunu Chun's plans of renovation for their home in Oak Bluffs. We hope you will consider our enthusiastic backing for their renovation project at 7 Arlington Avenue. We live year round just down the road from Lisa and Eunu at 9 Crescent Road on East Chop, just off the bluff. We've reviewed their plans and we have discussed their goals, and we fully believe their renovation will both beautify and harmonize their property with the neighborhood.

We believe that the size and design are appropriate and will afford their family to live comfortably, possibly giving them the opportunity to live here year round. Lisa and Eunu are thoughtful, long term, and highly contributing members of our community and will do a beautiful job. The project will truly enhance our East Chop community.

Thank you very much for your consideration and for your time.

Sincerely,
Michelle & John Battelle
