

Dear MVC Commissioners

This is a letter of support for Northern Pines Farm Subdivision dri 740.

I support John and Janet Packer's plan to subdivide their land as they have cared for this land and kept it what it is today. Through their actions and perseverance to maintain this gem as it is, they have proven without a doubt to be trusted with this development. They are trying only to pass it on to the next generation who has been raised on this land a future on it.

Please support this subdivision.

Sincerely,

Brenda & David Wallis
