Dear Martha's Vineyard Commissioners:

We are writing this letter in support of the application filed by John and Janet Packer/Northern Pines Farm. The Packer's effort to provide for their children's future on the island is critically important to their family, and also supports the ability of their children to stay on the island at a time when housing security is increasingly precarious. The Packers contributions to the island over the years are too numerous to mention, but personally we can speak to their deeply rooted commitment to the children of the island and their futures. Their children will undoubtedly continue this legacy, and should have the opportunity to do so from the land on which they were raised.

We hope you will support their application.

Sincerely,

A handwritten signature in blue ink, appearing to read "Edgartown A. Kirk".
