

Kuffie's Pt Janet and John Packer

4/3/23 S.Caseau

Lake Tashmoo N load Limit

1.6 kg/acre/yr

	acres	adj Nload	kg/yr
total parcel allowed N load	41.15	65.84	kg/yr
lots 1-8	3.01	4.816	kg/yr
agricultural lot	16.22	25.952	kg/yr

Each lot would have a 4.816 kg/yr adjusted nitrogen load
agricultural lot would have a load limit of 25.952 kg/yr

Questions :

Will the agricultural lot remain ag only no buildings?

Do they have livestock yards for finishing animals?

MVC WQ Policy Agricultural Projects are required to provide:

farm plan prepared by USDA NRCS and addressing nutrient management and livestock management

commit to either being certified as an organic grower or meet nitrogen reduction and water quality prote

for complete policy see 3.5 Agricultural DRI Projects of the MVC Policy for DRI Review Water Quality Mana

ction techniques listed in 3.5 B
