Dear Martha's Vineyard Commission

Let me first say Happy New Year to you all and thank you for your service to our Island.

In regards to Bradley Square; I wanted to take the time to jot off a quick note about the current state of the project. Having been very involved and interested in the project from the start, only to pull back while the powers that be worked on better defining the overall plans. I must say that I am so very thrilled at the outcome of the arbitration on the part of the developers and newly formed group who opposed the project for various reasons. I myself, being so directly affected by the project, had my own set of wishes pertaining to the size, scope and issues such as parking was willing to suppress my own needs and wants for the overall wellbeing of the project.

It is only now that I can see that through such heartfelt and sincere efforts on the part of those concerned for Bradley Square that anything is possible, and through such true community efforts solutions to seemingly insurmountable obstacles can be overcome with outcomes previously unimaginable. I am in full support of the project, as it is in its current state, and feel that it has met the needs of all concerned and look forward to the addition to my neighborhood, Oak Bluffs and the Island.

Thanks  
Michael Hunter
