Dear Sirs;

My Brothers and I, Robert E. Rose, Kenneth A. Rose, and Dennis J. Rose

as abutters to the Bradley Square Project, feel the project would have a huge effect on the area as to traffic and public safety (and just does fit the neighborhood)

Masonic avenue being a route to the Oak Bluffs Senior Center and a cut off if one wants to avoid the SSA and down town Oak Bluffs is an already a traffic burdened area with the Arts District and traffic on Dukes County avenue...

I Have seen the times were the Oak Bluffs ambulance was un able to park at a senior citizen's home due to over flow traffic from the Arts District, and the Bradley Square project would create havoc on a neighborhood already in stress.... I, and My Brothers and other neighbors hope you find not in favor of the Bradley Square Project and save our neighborhood...

Respectfully,

Albert E. Rose
