Subject: Roundabouts & the Rapid Rectangular Flashing Beacon

Dear Mr. Diaz,

To answer the concerns of Craig Hockmeyer (owner of Craig's Bicycles) you can install a Rectangular Rapid Flashing Beacon (push button activated) that would flash yellow lights and allow pedestrians and bicyclist to cross the streets in the roundabouts.

Please feel free to contact me or your local representative (Dustin Hinds 415-215-7007) with any questions you might have. I look forward to helping you improve pedestrian safety in your city.

Best Regards,

Tim
