Subject: proposed cell phone tower

To the members of the Martha's Vineyard Commission:

Please do not approve the cell phone tower at Town Cove in West Tisbury. Martha's Vineyard is blessed with some of the most beautiful landscapes in the world and this is largely due to the tremendous respect the Island residents have always shown for preservation. Years of thoughtful zoning and conservation have kept Martha's Vineyard beautiful, valuable, and admired. Please be mindful of the strong tradition of preserving the Island's beauty and resources.

I know that all of you love Martha's Vineyard as much as my family does (both as visitors and residents for over 30 years) and I thank you for your community service. I've always been grateful to previous generations for so fiercely protecting the integrity of the Island and I can only imagine that future generations will appreciate your efforts to do the same.

Sincerely,
Julia Katz
