**Subject:** Objection to Proposed Verizon Cell Phone Tower on Tisbury Great Pond, West Tisbury, MA

Please be advised of our objection to the Verizon Cell Phone Tower off Town Cove on Tisbury Great Pond.

My wife and I (and assorted family members) are regular renters/ visitors on Tisbury Great Pond over the past 30 years.

Our objection to the siting and construction of the Cell Tower is that it is too high above the surrounding tree line; therefore, it will be an eyesore and severely impact the beloved views everyone enjoys on and around the Great Pond. Existing zoning by-laws have properly restricted the construction of permanent physical structures and should not be changed to accommodate this proposed cell phone tower. There are feasible and less intrusive alternatives to this proposed 80 foot tower and should be thoroughly pursued.

Please do not approve the 80 foot tower.

While we welcome improved cell phone reception on the Vineyard, we strongly object to affecting the scenic beauty of the area that we all enjoy in order to use our cell phones rather than the land line.

Sincerely,

Richard and Anne Christofferson, 377 State Street, Guilford, CT.,  
06437-0049
